To Whom It May Concern:

It is my pleasure to recommend Pro-Pave, Inc. based on the quality, reliability, and responsiveness they've demonstrated during the past 11 years spent working with us.

Accustomed to winning annual industry awards, we have the highest of standards for our sub-contractors. For more than a decade, Pro-Pave has helped us solidify our stellar reputation by delivering high-quality paving work on dozens of projects – including federal, municipal, and private.

One of our key values is teamwork. Thanks to Pro-Pave's reliable service and consistently quick response times, we have come to consider them part of our team. Pro-Pave Principal Paul Addington has been pleasant to work with and has always been highly reachable.

We recently hired Pro-Pave for an important federal project at Arlington National Cemetery, and we're looking forward to a great outcome. I'm confident that others in the D.C. area will also enjoy an overwhelming positive experience while working with them.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Eric Tievy', is written over a large, light blue circular scribble.

Eric Tievy
Vice President, Procurement
